VOL. 35 NO. 209

WASHINGTON C. H., OHIO, FRIDAY, SEPTEMBER 3, 1920

Fifteen Cents a Week

SUBMARINE CREW ENTOMBED 44 HOURS ARE SAVED BY A MIRACLE

FARMER GROUP CALL ON HARDING

Are Told America is First And No Appeal Will be Made On Behalf of Farmers

Says Appeal Will Be To All Americans in General And No Particular Group

(By Associated Press)

Marion, O., September 3.—Co-operative farmers' associations for distribution of farm products were advocated by Senator Harding in a speech here today as a necessity if food prices are to be reduced.

Speaking to a committee of the National Board of Farm Organizations the nominee declared he abhorred any idea of class organization as such, but knew that unless the producers and consumers were brought closer together by organized effort, "organized profiteering will squeeze in somewhere between."

"With your assets," said Senator Harding, "I will not welcome you as representatives of farmers' organizations and I shall make no appeal either now or later to the people of the country which may be asked an appeal in behalf of farmers. Permit me, therefore, to welcome you as Americans. I deplore the use in political campaigns or in public administration of special appeals and of special interests. I deplore any foreign policy which tends to group together those of foreign blood in groups of their nativity. I deplore class appeals at home. I abhor the soviet idea and the compromises and encouragement we have seen extended to it."

"When the responsibility for leadership in this fight was placed upon me, I said to myself we must all unite under the slogan 'America First.' When I say America first I mean not only that America maintain her own independence and shall be first in fulfilling her obligations to the world, but I mean that at home any special interest, any class, any group of our citizenship that has arranged itself against the interest of all must learn that at home as well as abroad America first has a meaning profound and, with God's aid, everlasting."

M'SWINNEY STILL CRITICALLY ILL DEATH IS NEAR

(By Associated Press)

London, September 3.—Terrence MacSwiney, Lord Mayor of Cork, who is in a critical condition in Brixton prison as a result of his hunger strike which began August 12, was reported this morning to be showing signs of sinking rapidly and to be very much weaker.

A report made on Mayor MacSwiney's condition shortly after noon said he was rapidly approaching unconsciousness. He was too weak during the morning to carry on a conversation, it was said.

Buoy Attracts Attention to Helpless U-Boat On Bottom Of Ocean And Amateur Wireless Operator Gives The Alarm

Officers And Crew Numbering Thirty Saved by Lifting Stern Of Boat and Boring Through Steel Hull.

Manner of Rescue Out-Does Wildest Dreams of Movie Writer's Imagination.

Buoy Invented During War Is Spied by Lookout On Passing Boat.

(By Associated Press)

Philadelphia, September 3.—Radio messages flashed from the army transport General Goethals to the Philadelphia Navy Yard, via Cape May, told of the rescue early today of the officers and crew of the submarine S-5, after they had spent nearly two days locked in the disabled vessel beneath the Atlantic ocean 55 miles north of Cape Henlopen.

It was after three o'clock this morning when Lieutenant Commander C. M. Cook, who exercised his prerogative of being the last man to leave his vessel, was taken aboard the steamship Alanson.

Nine hours had elapsed since the plight of the undersea boat had been made public through a wireless call picked up by an amateur operator in Farmington, Conn.

It was a small buoy, a development of the world war, together with the vigilant eye of a lookout on the bridge of the transport General Goethals, that gave the thirty men on the submerged submarine S-5 their chance for life.

This small buoy, with a bell and buzzer device that can be operated when the boat is submerged, is part of the equipment of all later type submarines. It was cast loose when the S-5 went down.

The lookout on the General Goethals saw it, being attracted by its bell as well as the fact that it was not noted on the chart. A small boat with an officer in command was lowered from the transport to investigate.

When the buoy was reached, the buzzer device could be heard. The officer cut into the connection, and quickly then came this message:

"The submarine S-5 has been submerged for thirty-five hours. Air is running short. Machinery is damaged. Send for help."

This plea was sent broadcast by the wireless of the General Goethals. Among those who responded was the steamer Alanson, which, with the army transport, stood by the submerged vessel and managed to attach grappling hooks to its stern.

Holding the submarine in a vertical position, a hole was bored through her plates and air pumped through to the suffering crew, who had almost given up all hope of rescue.

FLOUR PRICES TAKE ASCENT

(By Associated Press)

Minneapolis, September 3.—Flour advanced 25 to 60 cents a barrel at the principal mills here today. A strong and higher wheat market is responsible for the increase, millers said.

SOUTH AMERICA HAS ITS BEAUTIES TOO

Senorita Adela Ayerza.

That American girls have no corner on beauty is evidenced by this picture from Buenos Aires. Senorita Ayerza is considered the most beautiful society girl in the Argentine capital. She is the daughter of Dr. Abel Ayerza, one of that city's most prominent physicians.

SUGAR TAKES ANOTHER DROP IN NEW YORK

Fine Granulated Sugar Offered At Fifteen Cents Per Pound Wholesale

Speculative Sugar is Offered After Having Been Re-refined

(By Associated Press) New York, September 3.—Announcements were made today bringing prices for refined sugar to about the same basis at which "second hand" or speculative stocks recently have been selling.

The Federal Sugar Refining Company announced the new reduction of one cent a pound, making its price for fine granulated "fifteen cents a pound, less two percent."

Arbuckle Brothers did not change their price, although they announced last night they were offering limited amounts of fine granulated at fifteen cents a pound.

This is sugar that had been bought by speculators or others who have returned it to refineries to be "sold at the best price obtainable."

ASKS SECRETARY COLBY TO GIVE DEFINITE WORD

Ohio Secretary of State Wants To Know About Women Voting And Asks Colby

(By Associated Press) Columbus, O., September 3.—In a telegram this morning to Secretary of State Colby, Harvey C. Smith, Ohio Secretary of State, asked whether Ohio will be notified specifically of

the ratification of the woman suffrage amendment.

Action of Smith was prompted by hundreds of requests from election boards and individuals in regard to women voting.

The telegram asks whether Smith shall go ahead with provision to vote women as soon as he is formally notified of the ratification of the amendment.

WAS RECRUITING

(By Associated Press) Boston, September 2.—The submarine S-5 left the navy yard here on Monday for Baltimore on recruiting service, carrying 35 men and two officers. She was recently commissioned and it is understood that this was her maiden trip.

HAGUE SCHEME FLAYED BY COX

Democratic Nominee Declares Hague Tribunal Did Not Prevent War And is Useless

Stops At Toledo For Brief Sunrise Speech to Crowd At Station

(By Associated Press) Enroute With Governor Cox, September 3.—The western "swing" of Governor Cox was opened early today with a before breakfast rear platform address to a railroad station crowd at Toledo.

"I'm starting for the coast," said Governor Cox to his sunrise audience. "We're in the fight to win. We will win because our cause deserves to win."

In urging the league of nations Governor Cox referred to the present disagreement over German indemnities.

"The voice of America," he said, "must fix it. Now they say that we should substitute for the league the old Hague Tribunal. That institution closed up before the war. I imagine there are bats in its belfry and spider webs everywhere. It was a distinct failure, having failed to prevent war in 1914. The opposition candidate says he will go back and open this old institution and try to keep house there."

Declaring the league "is the modern idea of bringing the nearest guarantee of peace" Governor Cox said it was a progressive plan and that Senator Harding, the Republican nominee, stood for reaction as he had done also in opposing the new Ohio constitution.

Referring to the Harding front porch campaign Governor Cox said on his trip he was going "to see thousands of front porches from coast to coast in the belief that the front porch of the people is the seat of American sovereignty."

BEAT MERE BABE FARMER FACES MURDER CHARGE

Defiance Man On Trial For Beating Child to Death With Strap.

(By Associated Press) Defiance, Ohio, September 3.—Accused of having beaten Arthur Gerald Bullock, 3-year-old son of his housekeeper, Ida May Ballock, to death with a leather harness tug last July 8, Joshua Botkins, a Noble township farmer, went on trial here today.

The jury was completed late yesterday and taken to the scene of the alleged crime. It required several days to fill the jury, because of the wide publicity given the case in the county and because of the crime's remote location.

The defendant is a former Missouri "hill-billy," having come to this section about three years ago.

Bullock is charged with first degree murder. He is alleged to have held the child by the ankles while administering the beating, which resulted in the child's death before the arrival of physicians.

CHARGES POLES MALTREAT JEWS

Sir Stuart M. Samuel.

Sir Stuart M. Samuel is at the head of the British commission which, after investigating Jewish conditions in Poland, placed the entire blame for the bloody pogroms upon the Polish government. The report brings shocking details of brutality displayed by soldiers in persecuting the Jewish population, and cites numerous cases where Jewish women were stripped naked and flogged mercilessly without cause.

PROBERS SEND OUT SUBPOENAS FOR MANY MEN

Moore Reiterates He Has Proof Of Plan to Raise Slush Fund To Back Harding

(By Associated Press) Chicago, September 3.—Subpoenas for a dozen or more witnesses were sent out today by the Senate committee investigating campaign contributions while the committee took a recess until next Tuesday.

Many of those summoned it was understood, were cited to the committee members by E. H. Moore, of Youngstown, Ohio, pre-conviction manager of Governor Cox.

"I have the names of men who can give absolute proof that before the public conscience was aroused the heads of the money getting organization publicly boasted a plan to raise \$16,000,000," Mr. Moore declared in a statement.

The committee members declared they would place into the records of every political group down to the smallest ward unit and that they expected to uncork a series of "political caskets."

ROOSEVELT TALKS TO MAINE VOTERS

Portland, Maine, September 3.—Franklin D. Roosevelt at a meeting here tonight told his audience that the issue of the league of nations, as against no league of nations, or as against some substitute wholly independent, will appear clear to the American people."

MINERS VACATION PARALYZES HARD COAL INDUSTRY

(By Associated Press) Wilkes-Barre, Pa., September 3.—The "vacation" of the insurgent mine workers kept the anthracite industry paralyzed today, 125 collieries failing to operate and 130,000 men being away from their work.

Signs of weakening came last night when several local unions voted to support the union officials and return to work.

These "back to the mine" votes brought no beneficial results today and are not likely to until early next week. With Labor Day at hand, there seems to be a tendency to keep away from work until the holiday has passed.

GOV. COX DEPARTS ON TOUR OF WEST

(By Associated Press)

Columbus, September 2.—Governor Cox left here tonight on a month's "swing round the circle through the west."

In Michigan tomorrow the Democratic nominee starts his speaking trip, which will take him 9,000 miles ending October 3 at St. Louis.

Columbus, O., September 2.—With E. H. Moore, Governor Cox's pre-conviction manager, in Chicago ready to furnish the Senate subcommittee investigating campaign expenditures with alleged documentary data intended to support the Democratic presidential candidate's charges of a fifteen million dollar campaign fund being raised by the Republicans, the Governor himself was working at top speed today to clear away accumulated state business before starting on his swing through the West this evening.

In announcing last night he intended to go to Chicago to represent Governor Cox personally at the campaign finance investigation, Mr. Moore declared if Treasurer Upshur had told the truth in giving the Republican campaign financial figures, there is another campaign fund in existence and he purposes to find it.

Governor Cox's departure tonight on his "swing round the circle" in the West will take him into twenty-two states before he returns to Dayton October 4. His itinerary calls for sixty-seven extended addresses, an average of two daily.

NEW YORK MAYOR ASKS PREMIER TO FREE MACSWINEY

Mayor Hylan Urges Lloyd George Not to Disgrace "Our War Aims"

(By Associated Press) New York, September 3.—An appeal to Premier Lloyd George of England, at Lucerne, Switzerland, for the release from prison of Lord Mayor MacSwiney of Cork was cabled by Mayor Hylan today.

"As mayor of New York, the largest city of the United States," Mayor Hylan said, "and speaking for its citizens, I respectfully urge you not to disgrace our war aims by further imprisonment of Lord Mayor MacSwiney of Cork, whose heroic fortitude in representing, even unto death, the opinion of the citizens who elected him, has won the admiration of all the people who believe in rule of the people by the people."

IRISH AGENT ORDERED OUT

(By Associated Press) London, September 3.—George Gavan Duffy, so-called Ambassador of the Irish Republic to France, has been given twenty-four hours by the French government in which to leave France, it was officially stated here today.

HENRY FORD AND PARTY STOP WHILE ON INSPECTION TRIP

HENRY FORD

Motor Genius and Owner of the D. T. & I.

"I thought we were going to slip through without anyone knowing it, and this is a pleasant surprise."

These were the words of Henry Ford, owner of the D. T. & I. and millionaire motor car manufacturer.

The Washington Lumber Co.

learning that the Ford special would make a brief stop here, flocked to the Union Station and waited nearly an hour until the train came, and a reception committee, composed of Mayor V. J. Dahl, Henry Brownell, William M. Campbell, W. E. Dale and M. E. Hitchcock greeted Mr. Ford, President J. A. Gordon, of the D. T. & I. and other officials of the road.

Mr. Ford expressed to the committee his pleasure in meeting the delegation and his appreciation of the reception given, and it was only upon urgent request that he appeared for a moment that the crowd might see him, and his appearance was a signal for shouts and applause.

Mr. Ford made no attempt to deliver a speech, but smiled and bowed to the crowd.

On his trip of inspection Mr. Ford has talked little. However, he told the local reception committee that two months ago he had motored all over this city while going along the route of the D. T. & I.

He is quoted as saying: "Our purchase of the line is not only to get coal for our factories but to make a good railroad out of the D. T. & I. that will be a common carrier for the people."

It is believed that Mr. Ford will soon have a definite announcement concerning future plans. He does not contemplate a change of the name, and probably will rebuild a large portion of the line and re-equip it.

PROBATE JUDGE RELL G. ALLEN FILES PETITION

Asks Re-election On Non-Partisan Ticket—Nomination Papers Filed Thursday.

Probate Judge Rell G. Allen Thursday evening filed his nomination papers for re-election on a non-partisan ticket to the office of Probate Judge of Fayette county.

During his incumbency in the office of Probate Judge, Judge Allen has much of the time filled the role of Juvenile Judge and discharged the manifold duties of the office in a highly capable manner and with general satisfaction to the public.

While holding the office he was twice called to the colors in his capacity as Major of the Fourth Regiment, Ohio National Guards, serving many months on the Mexican border, later being among the first Ohio troops in France and seeing active service in the war zone until after the armistice was signed.

As result of his service under the colors his period in office has been a few months more than a one term of four years.

Judge Allen has not re-enlisted in the military service since his honorable discharge at the close of the World War.

His opponent is President of Council, Attorney Nye Gregg, who went through the August Primary on the Republican ticket.

Professor Charles A. Keith also talked at the morning session and Mr. Matheny gave the closing address before the noon adjournment.

E. W. Warner, high school inspector and representative of the Department of Public Instruction, Columbus, was also to speak during the day.

There was much interest displayed during the day on the election of officers which was to be held in the afternoon. Officers chosen will serve for one year.

FAYETTE TAKES SECOND PLACE AT STATE FAIR

Combined Exhibits of Fayette Fair Winners Takes Second Place. Exhibit is the First Ever Shown by Fayette County.

Although it was the first time that Fayette county ever had a horticultural county exhibit at the Ohio State Fair the display took second prize and the corn display in the exhibit was first prize winner.

Union county took first prize under the management of a man who has for fifteen years handled the display. Fayette county's magnificent display was in charge of Willard C. Kirk, superintendent of the horticultural department of the Fayette County Fair and his brother Grayson L. Kirk, and Floyd E. Eichelberger, widely known Grange man and producer of fancy corn, of near Jeffersonville.

In the display in the Fayette county Horticultural Hall the Kirks brothers won first and Mr. Eichelberger second. These two exhibits were combined and entered at the State Fair as one exhibit.

The result of the combination was one of the finest displays and when it had been most tastefully arranged in the Agricultural building on the State Fair grounds it was the cause of much comment and local people who stopped to see the exhibit wondered themselves at the agricultural products which made up the prize winning collection.

There was much commendation for the display from Fair officials and the Fayette County Exhibit will no doubt be, from now on, an annual attraction at the Fair.

LARGEST CROWD AT INSTITUTE ON FINAL DAY

Busiest Session of the Week Is In Progress on Last Day.

With the largest audience of the week present the Fayette County Teachers' Institute went into session for the final day of the five-day program Friday morning.

It was "Roll Call" day and every teacher entering the hall signed his or her name and the number of days in attendance.

Friday morning James A. Matheny, of Indianapolis, Ind., a man who has been concerned with the Juvenile Police Court, talked on "The Misunderstood Boy."

Professor Charles A. Keith also talked at the morning session and Mr. Matheny gave the closing address before the noon adjournment.

E. W. Warner, high school inspector and representative of the Department of Public Instruction, Columbus, was also to speak during the day.

There was much interest displayed during the day on the election of officers which was to be held in the afternoon. Officers chosen will serve for one year.

MANAGES LIVE STOCK AT FAIR

Howard C. Allen is in Detroit for two weeks while filling his position as manager of the Live Stock Show at the Michigan State Fair. This is Mr. Allen's first year in capacity of superintendent over all stock, the appointment having come last spring after serving for several seasons as manager of the Horse Exhibits.

The Michigan State Fair is rapidly gaining national prominence and the Live Stock Show is one of the largest in the world.

INFANT SON IS BURIED

A beautiful funeral service was conducted by Rev. Karl B. Alexander Thursday afternoon, for Wilbur Wilson McCoy the twelve months old son of Mr. and Mrs. Alvin McCoy at the home on the McCoy road. Mrs. Luther Cockerill and Mrs. Harry Silcott sang tenderly the hymns, "Does Jesus Care" and "Rock of Ages."

Four young boys relatives, Wilby McCoy, Clark Templin, Earl Rowe of Leesburg and Hughie Vance acted as pallbearers and bore the tiny casket to its final resting place in the Washington cemetery.

The flowers were lovely.

Mr. and Mrs. Frank Rowe and children, Mrs. Bert Wilson, Mr. Howard Patterson and family came from Leesburg for the services, and to extend their heartfelt sympathy to the parents.

Birth Registration Neglected

The Department of Labor does well to urge that more attention be paid to vital statistics. More or less effort has been made of late to introduce the thumb print as a necessary part of birth records. Before we go into anything new of that sort it behooves us to see to the primary duty.

According to the Department's Children's Bureau, twenty-five of the forty-eight states—more than half—now fail to keep anything like satisfactory records of the population. Such knowledge is at the base of the orderly conduct of affairs. It enters into the enforcement of laws on compulsory education. Most of the elemental rights of citizens at one time or another are involved. Neither the individual nor the State can afford to neglect the matter.

It should be noted that the twenty-three States that approximately fulfil the requirements in these matters contain more than half the population. And in the others by no means a majority of the population is in question. But when all is said the situation is one calling for prompt attention and remedy.—New York Sun.

Tennessee Would Back Up

The House of the legislature of Tennessee on Tuesday voted by a decisive majority to expunge from the record the action by a majority vote of the same body in ratifying the nineteenth amendment to the federal constitution.

In other words Tennessee, after having voted in favor of the woman's suffrage amendment and performed the last act necessary to make the proposed extension of suffrage to the women of America effective, sought to nullify the act and render the amendment which it had given vitality—again an ineffective proposal.

The action, of course, raises some "nice legal questions" but the probabilities are all against the devitalization of the suffrage amendment. The proposal was adopted in the matter prescribed by the federal constitution and the solemn official promulgation of its final ratification had been made. It was an effective-operating part of the constitution and it is not likely that so formal and solemn an act can, once done, be undone in so frivolous a way.

While the legal departments of the state of Tennessee and the federal government will wrestle with the problem presented and while it is possible that some form of court proceeding may be necessary to get the final official legal decree, it seems not unlike the problem presented by the prohibition amendment. It is the federal constitution provisions that control in amendments. It points out the manner in which it may be amended and the manner in which an amendment once adopted may be stricken out—by another amendment.

The Tennessee legislature having taken the steps prescribed by the federal constitution, it seems that it cannot follow the whims of its members in undoing that which has been done in harmony with the higher law of the land—the federal constitution itself.

No, the women of America, once invested with suffrage, can't be deprived of it except in the way prescribed for amending the federal constitution.

That view seems the best one to bet on now at any rate.

Dollar Day

Local merchants are preparing for another Dollar Day.

Dollar Day, a comparatively recent institution both locally and in surrounding cities, has come to be one of the most important and popular buying and selling events on the trade calendar, and nowhere has Dollar Day met with more success than in Washington C. H.

Its salutary effect on business and the buying public has been marked and its permanency as a periodical sales event is assured.

That it is a good thing goes without saying and is attested in the general satisfaction of merchants and customers alike in those that have gone before.

The Dollar Day gives the merchants an opportunity for city-wide co-operative selling and it gives the buyer unusual opportunities to secure goods of all character at a saving. It stimulates local trade, awakens interest from afar and increases the trading radius of the city.

Dollar Day is worthy of support.

POETRY FOR TODAY

N. Y. TO NOME—1920

Drumming over dark morasses natural meadows deep with grasses, Lake and stream like crystal glasses that reflect our racing planes; Humming over peaks eternal, endless forests ever vernal, Rapids boiling like infernal dinner pots from recent rains. Far below our shadows speeding over flocks of wild ducks feeding. Over lake to lake succeeding ever to the northward fly. Through the vast blue spaces winging, lo! our peerless planes are singing. Wondrous sagas, wild and ringing, of the conquest of the sky.

Where the bright aurora flashes, where the icy Yukon dashes, Where the pick and shovel clashes in the rocks of virgin gold.

We are roaring, we are soaring with the silver star dust pouring.

In our wake as we go boring through the ether high and cold.

Brave immortal spirits meet us, souls of Clark and Lewis greet us.

Where's the man can ever beat us in the air which is our home! Ho! we need no pole or paddle, guide or carrier or saddle.

As the continent we straddle from New York to frozen Nome.

New York Times.

NEVADA CONTEST IS HANGING ON THE LEAGUE ISSUE

Republican Chances of Defeating Henderson Depend On Primaries

Five Candidates Competing For Nomination ---- Woman Running As Independent

BY MARK SULLIVAN

(Copyright 1920)

Washington, September 3.—During the next two weeks a considerable number of the more important senatorial primaries will be held to fill the vacancies occurring in the senate with the end of this term.

Next week, in addition to primaries in New Hampshire to determine Senator Moses' successor and primaries in Wisconsin to determine Senator Lenroot's successor, there will be on September 7 primaries in Nevada to determine the succession to the present Democratic senator, Charles B. Henderson. In the Democratic primaries Senator Henderson will receive the nomination, for he has no opposition.

Among the Republicans there are five candidates competing for the chance to oppose Senator Henderson on election day. Of these five probably the best known is Gov. Tasker L. Oddie. Gov. Oddie's nomination would probably give the Republicans the best chance they can have to defeat Henderson and add a Republican to the senate. He is popular and has made a favorable record as governor.

Another candidate for the Republican nomination is Brewster Adams, pastor of the Reno Baptist church, who is described as having "modern conception" of a clergyman's function, and is making a spectacular campaign. Mr. Adams was formerly a university settlement worker in New York, a member of the National Child Labor Committee, and a volunteer probation officer.

A third candidate for the Republican nomination is Grant Miller, who in two previous elections ran for senator on the Socialist ticket. He left the Socialists 4 years ago and came back to the Republican party and has been a diligent Republican worker since he returned to the penitents' bench. Mr. Miller is described as an orator, a good mixer and a strong vote-getter. He is well known in the state, having been prominent in Liberty Loan drives and otherwise in the work of the Council of National Defense. He is a lawyer of recognized ability.

Two other candidates for the Republican nomination are Sardis Sumnerfield and Charles E. Wharton.

Your correspondent has not been in Nevada recently, but is informed that the race is likely to go to either Oddie, Adams or Miller. Adams and Oddie are more or less dividing the regular Republican vote, and that division seems to constitute Miller's best chance to win the nomination. If Miller should win the nomination he would have a hard time to beat Senator Henderson, because he could not command the solid support of the Republicans in the election. His previous socialistic affiliations are against him. On the other hand, it is believed that either Adams or Oddie might give the Republicans a fair chance to beat Henderson in November.

The chief issue in the election in November will probably be the League of Nations. Henderson was one of those Senators who was a thorough-going supporter of the League.

The situation is muddled a little by the fact that in the election in November there will be an independent woman candidate in Miss Martin, who is a university graduate with an instinct for public affairs and who got some 5000 votes in the last campaign for Senator. Five thousand votes in a state like Nevada, whose total nominal vote is only about 30,000 is a considerable factor. Miss Martin is probably the first woman in the country who ever made a serious contest to get into the United States Senate.

It will not be possible to make any prediction as to the Republicans' chances of winning this Democratic seat in the senate away from Henderson until after the results are known on Tuesday.

NO PAPER MONDAY
Monday being Labor Day and a general National holiday, there will be no issue of The Herald on that day.

September 30.

A Little Lesson to Learn!

Question: What is Chiropractic?

Answer: It is the science of moving the bones of the spine, by hand, to keep them in proper position, so that they won't press on the nerves that go out between them.

Question: What harm would it do if they did press on any of these nerves?

Answer: It would stop some of the life from going over the nerve, because the nerves CARRY the life.

Question: Well, and what would happen then?

Answer: The organ wouldn't do its full work, because it wouldn't be getting all of the life sent to it—and that would cause disease.

Question: Where does the life come from?

Answer: It comes from the brain—the source of all the nerves.

Question: And how does it get to all parts of the body?

Answer: The nerves carry it first down through the spinal column and then by branches from the spine to all parts and organs of the body.

Question: I don't feel anything the matter with MY SPINE—then why is it so important to have the bones of my spine adjusted?

Answer: Because diseases are caused by interference with nerves SOME PLACE in the spine.

Question: Then is Chiropractic good for my headaches, rheumatism and hay fever?

Answer: Yes, or any chronic or acute disease.

Question: Why is Chiropractic good for ALL DISEASES?

Answer: Because Spinal adjustments send more life to all parts of the body—and more life means more health.

FEDERAL OFFICERS SAY VOLSTEAD LAW RIDICULOUS

(By Associated Press)

Cincinnati, September 2.—United States Commissioners Edward M. Hurley today asserted from the bench that while he would enforce the law in some respects, the Volstead law was the silliest and most ridiculous ever written and imposed upon a liberty loving people.

The Commissioner further said that if the act could be enforced in its entirety, there would be fifty thousand Cincinnatians arrested as lawbreakers and that many people unwittingly were law violators under the language of the law.

PROSECUTION OF WAR CONTRACTS HAS BEEN ORDERED

(By Associated Press)

Washington, September 2—Prosecution of 324 contractors, marking the beginning of a move by the government to clear up its war contracts controversies, has been ordered by the Department of Justice.

The proceedings will include both criminal and civil action and involve "millions of dollars," department officials said today.

AGREE TO CONTRACT

(By Associated Press)

Scranton, Pa., September 2.—An signed a two year contract employing the terms of the award made by the

anthracite coal commission and approved by President Wilson. The sessions will continue through Thursday. County Superintendent R. P. Allyn has charge. Speakers are: Professor C. L. Hartzog Columbus; Hardin Miss Carrie A. Wilson, Ada; George Morris, Athens.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

The meeting, Wednesday, of the Woman's Foreign Missionary Society of Grace Methodist Church, held at the home of Mrs. Clara Harper on North North street was full of interest with the annual election of officers an important factor. Mrs. W. W. Davies, Mrs. John Solman and Miss Lucy Brownell were the assisting hostesses.

Fifty were in attendance.

The election of officers resulted in the re-election of President, Mrs. Frank M. Kennedy; First Vice Mrs. C. S. Haver; Second Vice, Mrs. J. B. Worthington; Third Vice, Mrs. Alice Adams; Fourth Vice Mrs. W. W. Davies; Recording Secretary Mrs. C. A. Teeters; Corresponding Secretary, Miss Fanerie McLean; Treasurer, Mrs. Scott Hopkins.

Several new members were welcomed into the Auxiliary, and included Mrs. Electa Selsor, Mrs. R. C. Peddercord, Mrs. Alice Parrott, Mrs. W. D. Blakemore and Mrs. Daisy Haynes, with Mr. J. R. Sutherland, Mrs. M. C. Bovey, Dr. C. V. Lanum, Mr. Norman McLean, Mr Harold McLean and Mr. James McLean as extension members.

Mrs. Kennedy, Mrs. Karl B. Alexander, Mrs. G. S. Hodson and Mrs. Teeters were chosen as delegates to the District Convention at Waverly and Mrs. Haver, Mrs. J. B. Worthington.

MANNIX'S MOTHER INNOCENT CAUSE OF MUCH TROUBLE

Mrs. Mannix.

part of his time with his invalid brother, Mr. James McCoy.

The marriage of Miss Grace Corrine Lyle, daughter of Mr. and Mrs. Charles R. Lyle, of Good Hope, and Mr. Roy Stevens Dowler son of Mr. Madison Dowler, of New Holland will be learned with interest by a large circle of friends of both young people.

Rev. Karl B. Alexander performed the ceremony at the Methodist parsonage, Thursday afternoon at half after two o'clock.

Mr. and Mrs. John King close friends of both the bride and groom accompanied them.

The bride, a bright and interesting girl, attended the Miami University last year following her graduation from the Good Hope High School the previous year. Fair in type she looked very pretty in white voile, with Fall hat of blue taffeta, corsage of pink rose buds. Her going away gown was of taffeta matched by her hat.

Mr. and Mrs. Dowler left for a Cincinnati and a short trip, after which they will reside on a farm near New Holland. Mr. Dowler farming with his father. Both young people have friends galore who are extending best wishes.

A delightful little moonlight roast at Rock Bridge, Thursday evening honored Alfred Hagler's guest, Fred Jones, of Jackson the party including with the honor guest, Misses Mary and Jane Durant, Nell Mark, Mabel Sunke and Wilma Dale; Harold Roedecker, Alfred Hagler, Oliver Miller, Warren Baker.

Miss Kathleen Davis and Miss Opal Moore chaperoned.

In attendance at the White side Reunion held August thirty-first at the Snyder park in Springfield were: Mr. John Whiteside, Mrs. Louella McCray and daughters, Mr. and Mrs. J. W. Lucas, Mr. and Mrs. Will Graham, Mr. and Mrs. Albert Whiteside, Mr. David Whiteside and family, Mrs. Amanda Van Pelt, Miss Bernice Durlinger of this community, Mr. William White side and family, Mr. Amer Whiteside and family of Big Plains, Mr. Jess White side and family of Marysville, Mr. and Mrs. Albert S. Whiteside of South Charleston and Miss Mary Alleman of Springfield.

The reunion was a most enjoyable affair drawing close family ties as well as promoting mutual interests.

Miss Mary Whiteside has returned to her home in Springfield after a month's visit with County Treasurer and Mrs. David Whiteside.

Miss Mary Schreiner, east of this city, was the guest over the week end at a house party of Miami University sorority sisters at Marysville, and accompanied Miss Ruth Berry, of St. Paris home as a house guest for a few days.

Mrs. Francis M. Hartman, of Tucson, Ariz., who has been spending the summer with her mother, Mrs. Mary F. Bush, and sister Mrs. Anna Bush Coffman, left Thursday for Lexington, Ky., Huntington, W. Va., and Washington, D. C., before returning home.

Mrs. Stanley Miller and two daughters Mabel and Mildred, and Miss Katharine Thompson were guests of Mrs. Allen Eymon Thursday night enroute from Kingston where they attended the Pine-Kerr wedding to their home in Hodgenville, Kentucky.

Mr. Charles James Bush, of Lexington, who spent the week with his sister-in-law, Mrs. Mary F. Bush, and niece, Mrs. Anna Bush Coffman, left for his home Thursday accompanied by his niece, Mrs. Francis M. Hartman of Tucson, Ariz.

Mrs. Lawson Stuckey, Mrs. Roy Hire, Mrs. Ernest Lininger and Miss Elda Sever were visitors at the State Fair, Thursday.

Mr. and Mrs. Jerome Taylor and son, Clarence, are spending a couple of days in Cincinnati, visiting the Zoo and other attractions.

Mr. and Mrs. Frank M. Fullerton and daughter, Miss Dorothy, spent Thursday in Columbus and attended the fair.

Mr. and Mrs. William Enderlin and daughters, Helen Bliss and Isabel, returned home Monday evening from a two weeks' trip to Washington, D. C., Philadelphia, Baltimore, Buffalo, Atlantic City, Niagara Falls and Cleveland.—Chillicothe News-Advertiser.

Mrs. Elmer Cockerill, son, Howard, daughter, Louise, Mrs. Herman Price, daughter, Genevieve, Mrs. Frank McAdams, Mrs. Jess Feagans composed

HE OUTMANEUVERED ANTI-SUFFRAGISTS; NOW THEY WANT HIS POLITICAL SCALP

Gov. A. H. Roberts and daughter.

Because he outmaneuvered them at every turn, Tennessee anti-suffragists are out for the political scalp of Gov. A. H. Roberts, leader of the suffrage forces in that state. But the governor isn't worrying. He counts upon the support of the enfranchised women of the state as well as the Tennessee men who favor equal suffrage.

DEATH SUMMONS A. J. YEOMAN

Well Known Farmer North of City Passes Away Thursday Evening at Advanced Age of 87 Years.

A. J. Yeoman, 87, well known farmer of Fayette county for many years, passed away suddenly at his home on the Yeoman road north of this city, at five-thirty o'clock Thursday evening.

Although he had been failing for some time Mr. Yeoman's death came unexpectedly and was a shock to his wide acquaintance all over the county.

During all his life he had devoted his entire energies to his farm work and become most successful in his chosen occupation. He was born and raised on the same farm on which he spent his life.

He was a well known layman in the Scioto Old-school Baptist Association and attended Baptist Church at Eber.

Besides his other interests he found time to become actively interested in politics, but did not aspire to become an office holder.

He is survived by his wife and nine

children: Mrs. James Hutchison, of Marysville; Mr. Jasper Yeoman, of Madison Mills; Messrs. C. L., M. L. and Mrs. Harvey Harrop, of this city; Mr. C. D. Yeoman, of Jeffersonville; Mr. Stephen Yeoman and Mrs. B. Arbogast, of Springfield; and Mrs. F. A. Bennett, of Columbus. Rev. Walter Yeoman, of Gregg street is a brother.

Funeral services will be held Sunday morning at 10:30 at the Sugar Creek Baptist Church, Rev. L. V. Hite, of Marion, assisted by Rev. J. Harvey Daily, of Newark, officiating.

Interment will be made in the Sugar Creek Baptist cemetery.

RUSSIA CANNOT EXPORT MATERIALS IN VAST QUANTITIES

Will Be Unable To Get Internal Machinery Working

(By Associated Press)

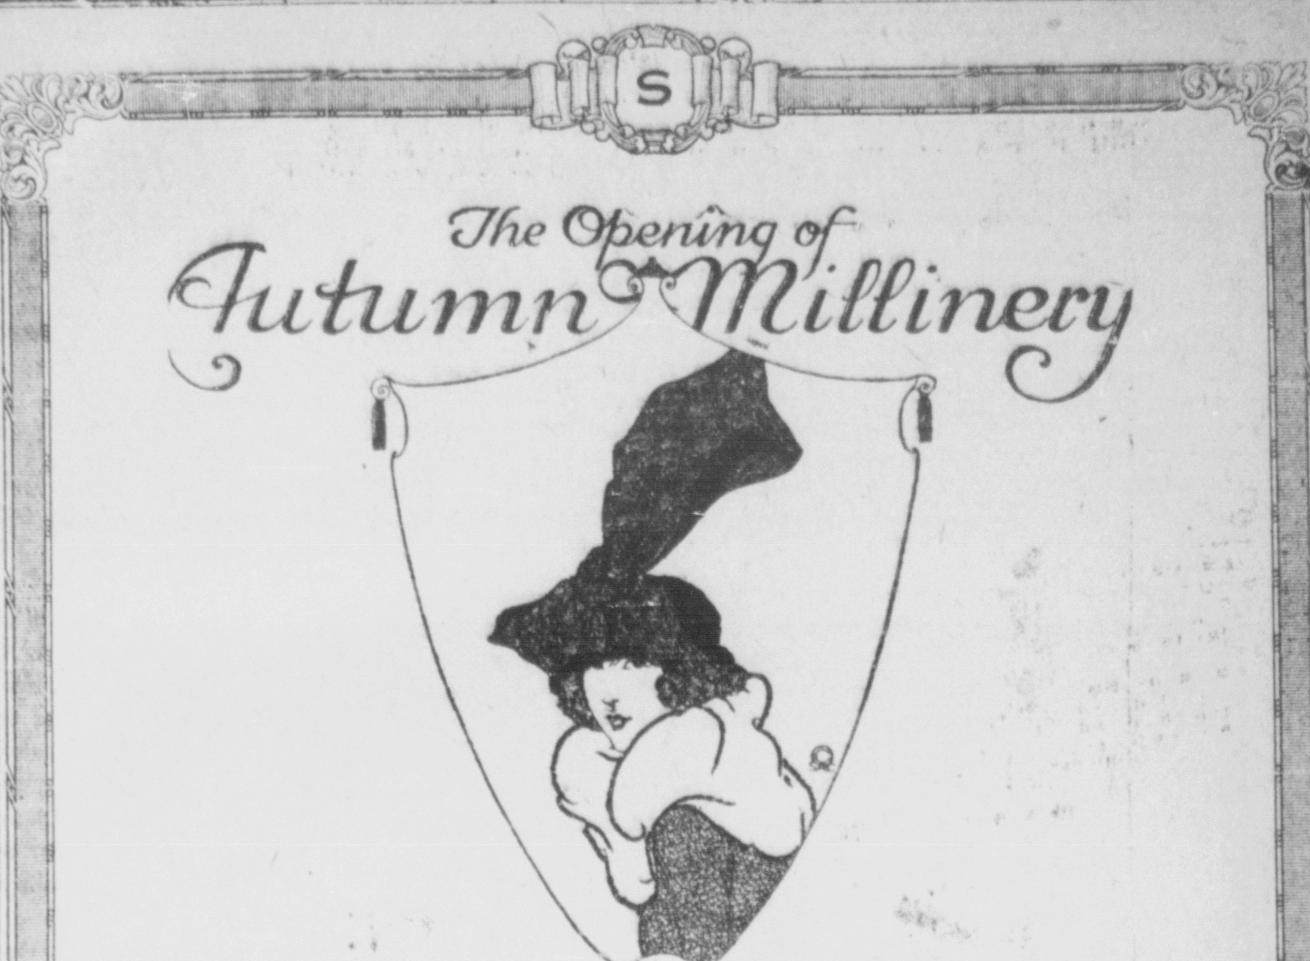

Constantinople, (By Mail)—Russia's ability to export raw materials in the near future has been greatly overestimated by foreign countries in the opinion of Colonel B. Englehardt, formerly a member of the Russian Duma and a student of economic conditions in Russia before and after the revolution. In a talk with The Associated Press correspondent he said that foreigners seem to fail to realize the collapse of the Russian transportation systems, reduced manpower and run-down condition of the Russian farm lands.

This comment was evoked by reports of the negotiations of Russian economic agents with Premier Lloyd George in London and the announcement that the United States had lifted prohibitions upon American trade with Soviet Russia.

Colonel Englehardt is confident that Russia will again play an important role in European markets but, he said, "the revival of Russian trade will not come until there shall be established a normal state of life when men shall renounce attempts of establishing immediately the paradise of communism.

"It should be born in mind that European Russia has been greatly reduced in size," said Colonel Englehardt. "Formerly it had over 5,000,000 square kilometers of land and 157,000,000 inhabitants. Poland, Finland, a great part of the Caucasus and several Baltic provinces, with about 50,000,000 inhabitants and about 1,250,000 square kilometers of land have detached themselves. The greater part of these detached territories ordinarily had a notable surplus of grain and other farm products which constituted the major part of Russia's export.

Dollar Day, Tuesday, September 7th.

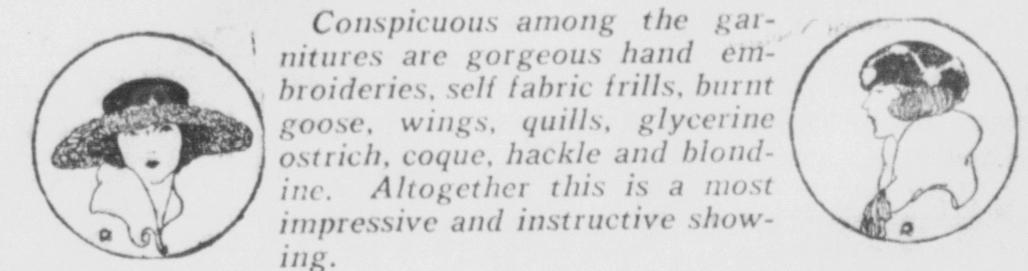

The Opening of Autumn Millinery

Always an interesting occasion our Millinery Opening this year will attain additional prestige because of the exceptional beauty and variety of its modes.

Duvetyn is given precedence over all other materials, appearing in sailors, hats of notched brims, tam, modes adorned with pleated frills and embroidered. Velvets, clipped beavers, metal brocades and embroidered taffetas also have established vogue.

The small Hat because it caters to woman's love of veils is eminently the mode of Autumn. Here it finds varied expression. Toques, Egyptian and Hindu turbans, and Hats with diminutive brims are favored.

Conspicuous among the garnitures are gorgeous hand embroideries, self fabric trills, burnt goose, wings, quills, glycerine ostrich, coque, hackle and blonde. Altogether this is a most impressive and instructive showing.

The Frank L. Stutson Co.

Regular meeting will be held tonight at 8 o'clock. Refreshments.

R. R. KIBLER, E. R.
C. A. GOSSARD, Secy.

MUCH ROAD WORK NOW UNDER WAY

For the next few weeks the road work in Fayette county will continue on an increased scale, large quantities of material having been ordered and with indications of speedy arrival so that rapid distribution can be made from numerous points in the county.

A large amount of gravel is to be used in working some of the roads of the county, and it is expected that the

roads generally will enter the winter in exceptionally good condition.

FAYETTE PEOPLE IN GREAT NUMBERS ATTEND THE FAIR

State Fair attendance this year from Fayette county is greater than ever before and besides hundreds making the trip by train even larger numbers have motored through.

Thursday was the big day and it was noticeable at the Union Station where 179 round trip tickets and 80 one way tickets were sold.

It was estimated that almost a thousand persons from this city and vicinity went to Columbus over the round trip.

Baltimore and Ohio this week just to attend the Fair.

Motoring parties passed through the county in an endless number Thursday and reports from various municipalities were that probably five hundred cars had gone through Fayette enroute to Columbus.

Every train passing through the city has been packed all week and Thursday extra accommodations were provided in several instances to take care of the Columbus bound passengers.

An incentive to railroad travel was made this week when the B. & O. offered fare and a half rates for the round trip.

15 Years Ago

Fifteen Years Ago there were scarcely 60,000 cars in use; today, we have 7,450,607 cars, or one for every 14 people.

Fifteen Years Ago auto smash-ups didn't occur at the appalling rate of today—54 every hour—that's nearly one a minute!

Fifteen Years Ago the court verdict in motor accidents seldom exceeded four figures; today verdicts of \$25,000, \$40,000, \$50,000 are not uncommon.

If your automobile policy is one of a \$5,000 limit, and you are called upon to face a \$25,000 verdict, it will mean that you will have to make up the extra \$20,000.

The OCEAN can furnish you with protection for any amount. The increased cost is only a few cents a day.

Consult your insurance adviser—

NEW STATUARY IS PLACED IN HIGH SCHOOL

HELPED DRIVE THE REDS FROM POLAND

Typical Polish woman soldier.

In the Polish army which drove the Reds out of Warsaw were thousands of young women like the one pictured above. They proved to the satisfaction of the Bolsheviks at least that "the female of the species is more deadly than the male."

purchased through the efforts of the students themselves and not a single piece has been donated.

LOCAL MEN PLAYING IN WILMINGTON BAND

Five members of the Washington Band played with the Wilmington Band Thursday evening in the regular weekly concerts in Wilmington. They were James Whitley, Richard Ramsey, Wheeler Bay, E. H. Bushong and Mr. Shasteen.

It has been the custom all summer for the Wilmington and Washington Bands to lend a hand to each other in their concerts and the Wilmington Band has, in turn sent men to this city.

The method of building up a fund to buy the bronze is that each class leave their funds in the bank, instead of buying additional statuary, and with in a few years the amount would swell to such an extent that it would be possible to purchase the two pieces.

School men in session at the high school this week while attending the Fayette County Teacher's Institute, have viewed the statuary and have voiced nothing but the most complimentary opinions for the collection in the school halls.

Washington High School is rapidly acquiring a name statewide for its art collection. The manner in which it has been obtained is always a signal for praise for every piece has been

RUNAWAY TEAM SMASHES BUGGY

Jacob Smith, Aged Farmer of the Lewis Pike, Escapes Serious Injury in Narrow Escape From Death.

Jacob C. Smith, residing on the Lewis pike, near this city, was run down by a team of runaway horses, his buggy was smashed into kindling wood, and a road wagon passed over him but he escapes serious injury Thursday.

Mr. Smith was driving out of the city down East Market street near the Forest street intersection and did not hear the dashing team of runaways and heavy wagon until it was upon him. The horses bore down on the light vehicle and in a moment it had been scattered in every direction and the driver was beneath the wagon. His horse ran away with what remained of the buggy.

Witnesses of the accident gathered Mr. Smith from the middle of the street and called a doctor. His injuries were not serious and he was taken home within a short time.

WASHINGTON GIRL TO WED ARMY MAN

Miss Charlotte Capers

The engagement of Miss C. Charlotte Capers, of Washington, D. C., daughter of the late John G. Capers, commissioner of internal revenue, to Major Ralph Stover Keyser of the marine corps was recently announced. The wedding will take place early in September.

Dollar Day, Tuesday, September 7th.

"HETTY" SELLS IT FOR LESS.

NERVES STEADY AS 8-DAY CLOCK

Never knew what a full night's rest was, rolling and tossing from one side of the bed to the other. Now she sleeps sound and awakes feeling refreshed, since taking Dreco.

I used to dread going to bed because it meant fitful sleep, bad dreams and rising next morning more tired than the night before," said Mrs. Stella Guess of 6 Brown Ave., Athens, Ohio.

"My stomach gave me much distress by filling up with gas after meals and nausea. I was constipated daily; had no appetite, and had aching pains in my back right over my kidneys. Dizzy spells often attacked me; I had a bitter taste in my mouth and my tongue was coated most all the time.

"Dreco has proven to be a wonderful remedy for such troubles as I had, for I'm feeling better than many a day. I strongly recommend Dreco as a tonic for women."

Dreco is made from the juices of twelve different herbs, roots, barks and leaves, which act directly on the stomach, liver, kidneys, bladder and the blood, and tends to relieve constipation, headaches, rheumatism, catarrh, biliousness, dizzy spells, heart fluttering, gas on the stomach and other troubles.

All druggists now sell Dreco and it is being especially introduced in Washington C. H., by Frank Christopher—Advt.

Dollar Day-Tuesday, Sept. 7

CRAIG BROS.

WAS WORTH WEIGHT IN GOLD SHE DECLARES

Mrs. O'Neil Says She Feels Better Than She Has In Over 20 Years and Gained 17 Pounds In Weight Since Taking Tanlac.

"Why, Tanlac has built me up from a hundred and fourteen to a hundred and thirty-one pounds, I'm feeling better than I have in more than twenty years," said Mrs. Mattie O'Neil residing at Station A, Barberton, Ohio.

"For fifteen years I suffered from stomach trouble and rheumatism, and scarcely knew what a moment's ease was. At times I got so sick that I just had to leave the table. I never even dared to eat anything greasy, for it would nauseate me and I could taste it for hours afterwards. I always dreaded to see night come, for I was so restless I couldn't sleep. What

little I ate during the day seemed to be in the pit of my stomach and pained me so bad that I could barely stand it. I tried every kind of medicine I ever heard of, but kept getting worse all the time.

"I heard so much about Tanlac that I started taking it, and the very first bottle brought my appetite back. I have finished my fifth bottle and I not only gained seventeen pounds but I feel ten years younger. I can eat anything I want and I never have a pain of any kind. I sleep the whole night like a child and I'm feeling better in every way than I have in a long time."

Tanlac is sold in Washington by C. S. Haver, in Lowell by Mason's Drug Store, in Jeffersonville by J. B. Davis, in Octa by L. W. Murphy and in Millidgeville, E. L. Ford Sons, Lee Ortmann, Selden. — Advt.

SHEEP KILLED SUIT IS FILED

Perry Township Farmer Sued For 200 Beavers Dogs are Alleged to Have Killed Sheep.

A suit which will attract much attention among farmers in general was filed in the common please court, Thursday, by E. H. Hines, C. H. Hoppey and E. P. Cokerill, as trustees of Perry township, against Leroy Judy, asking for damages in the sum of \$226.19 and costs for sheep killed by dogs owned by the defendant.

The plaintiffs state that on Feb. 16, 1920 the defendant's dogs killed and injured sheep owned by E. M. and Edna Skinner, valued in the sum of \$226.19 and that the defendant failed to kill the dogs within 48 hours, wherefore they asked damages under the statute providing that compensation for killed and injured sheep may be obtained from the owner of the dogs.

Rankin and Rankin represent the plaintiffs.

HERALD BRINGS BOYS TOGETHER

Copy of The Herald Comes in Handy for Seven-Congressional District Appointed by Making Friend of Up-Per Glassman.

A copy of The Washington Daily Herald that found its way into West Point Military Academy was the instrument that made a friend for the latest appointee from this district, Clark McDole, who entered that in-

Ask Your Grocer for **Sunlight Butter** every pound guaranteed

stitution the first of July, was one of those many unfortunates known as a "Plebe" who has neither friends or backers the first semester they attend Uncle Sam's military school. A Freshman in college is said to be a social lion when compared to the "lowly Plebe" in West Point.

Enjoying one of those spare moments when there is nothing to do, and they are rare indeed it is said, Cadet McDole was sitting in his barracks reading one of the latest copies of The Herald from home when an upper classman jumped in on him and grabbed the paper, dived into it without saying a word and proceeded to read everything in it even to the classified ads.

When he was through he conceded to ask the owner's name and they said that his own name was Skinner and that his home was formerly at Waterloo, this county. He said The Herald was an old friend and McDole was now another.

Cadet McDole's troubles have diminished and he is thinking about sub-

scribing for a bale of Heralds.

LABOR DAY HOURS AT THE POST OFFICE

The local post office will observe Labor Day, Monday, September 6th as legal holiday. The office will open at the usual hour and remain open until 10 a. m., closing at that hour for the balance of the day.

No deliveries will be made by city or rural carriers but patrons of either service can secure their mail by calling at the office prior to 10 o'clock.

JAPANESE LABOR UNIONS PROTEST

(By Associated Press)

Tokio, Japan.—(By Mail)—Japanese labor is expressing opposition to a proposed measure authorizing labor unions which the government says will be introduced into the Diet. At present labor unions as known in other countries are not permitted by law. Representatives of different labor

associations in Tokio have adopted a resolution declaring that the bill, as they interpret it, is so framed as to frustrate the real development of labor. The memorial adds that the law that would really satisfy the workers and that is really in great need must recognize the right of negotiating in a body and the right of going on a strike whenever occasion requires.

The government bill in question completely ignored these rights and according to the memorial was therefore calculated to encourage a complication of the labor problems.

ALIEN COMPETITION WILL BE OPPOSED

(By Associated Press)

London, (By Mail)—A working agreement has been entered into between the Musical Conductors' Association and the National Orchestral Union of Professional Musicians where by members of both bodies are pledged to oppose alien competition. Their purpose is declared to be to combat "the determined efforts of foreign conductors and instrumentalists to regain their pre-war footing in London theaters," and to "recognize the need for a concerted defence."

The organizations state that "at the outbreak of war, only one English conductor was employed in all London theaters than producing light opera. The remaining conductors were held by Germans and Austrians, nowadays reappearing in the roles of Swiss and Jugo-Slavs."

In union there is strength—as many a married man has learned to his sorrow.

WINCHESTER

Winchester Knives For Everything

WHY does a woman prefer a Winchester Kitchen Knife for even such easy cutting as trimming a pie?

Simply because Winchester Knives are made so well, out of such good steel, that she unconsciously forms the habit of using them for everything.

Come in this week and see the special display we are making of Winchester Cutlery, which keeps sharp so long.

What Led Us to Select Millers

Prices Already Low

The sudden curve back from the peak of high prices precipitated by currency deflation and restriction of credit unquestionably has led many motorists to anticipate a drop in tire prices, and consequently has caused many to delay contemplated purchases until the drop could come, according to recent surveys made by market experts.

But the already comparatively low price of tires at this time precludes such a downward trend, it is stated.

Hence it is argued that while the American public may be justified in waiting for prices of certain commodities, which now are selling at better than 100 per cent advance over 1914, to decline, there is nothing to justify a similar decrease in prices of tires.

The same thing led us to take up the agency for Miller Tires and Tubes that led us to take up Diamonds and the other exceedingly good tires you find here.

The dominant reason, of course, was the fact that Millers (and Diamonds, and others we have) were the best buy for the car owner. We absolutely know our ground and knew how they proved up when put to the test, when compared with others.

Another important fact about Millers not found in many others, is the absolute uniformity. Every Miller must be as good as the one before. That's an established Miller policy, and fits nicely with our own policy of the best possible service to the car owners. Before long you will want a Miller, why not next time?

COLUMBUS POLICE FIND MAN WANTED IN BLOOMINGBURG

Pleads Not Guilty Before Mayor Creath and is Bound Over Under \$1000 Bond.

On a warrant charging him with the forgery of a check on Grant Leach for \$20 Homer J. Self was arrested in Columbus Thursday by the Columbus police and returned to Bloomingburg where he plead not guilty before Mayor O. W. Creath and was bound over in the sum of \$1000 to the grand jury.

Not being able to furnish bond Self was brought to the county jail in this city Thursday evening to await trial.

About two weeks ago the forgeries made their appearance and since then the authorities have been on the lookout for Self all over the state. Mayor Creath forwarded to the Columbus Police Department a complete description of the man and his arrest came through these channels.

Authorities at Bloomingburg have learned that when Self left Bloomingburg he walked to Mt. Sterling and there took the train for Columbus where he has since remained.

Local boxing fans are interested in a number will witness the boxing show to be held at the Elks Hall in Chillicothe on the evening of Monday, September 6 Labor Day.

Phil O'Dowd, handy Columbus lad who is climbing to fame in the ring, is to meet anotheristic prodigy in Tommy Boyle of Cleveland in the main go of ten rounds, and there is much speculation on the out come. Among the three preliminaries is scheduled a promising mill between Tut Jackson, local colored glove wielder, and Eddie Bunderand, a dusky mittsman of Chilli, who believes he can show Jackson up.

The show is being promoted by the Argonne Athletic Club under the auspices of the Chillicothe American Legion.

MORE TRAIN RIDERS ARE GIVEN WORK

Four additional train riders—three of them from Akron, Ohio, where the bottom has fallen out of the industrial side of that city, were taken before Judge Allen, Friday morning, and given their choice of the workhouse or cleaning up some refuse in the basement of the court house.

The quartet chose the work in the courthouse and made rapid headway in placing the basement in order.

HOW ONE WOMAN WAS HELPED

SCHOOL DOORS
TO BE THROWN
OPEN NEXT WEEK

Text Book Shortage Be-
cause of Faulty Shipping
Faced.

All Schools in Best Condi-
tion To Receive Heavy
Enrollment.

School youth of Fayette county are
enjoying their last week of vacation
with the opening day of study barely
three days away.

City school children are congratulat-
ating themselves on the extra day of
grace allowed because of Labor Day
while the village and rural children
must shoulder their books and begin
bright and early on the first day of the
week. The rural schools of the coun-
try begin on Monday, September 6th,
and the schools in this city on Tues-
day, the 7th.

From the information derived from
the last school census, school authori-
ties look for a record breaking attend-
ance in every school room this year.
The enrollment promises to be heavy
in this city.

It was stated by Principal O. K. Pro-
basco of Washington High School
Thursday that a text book shortage
threatens and that it looks now as if
many pupils will be forced to enter
school without the regulation books
for the first few days. Books ordered
to arrive in ten days have not yet ap-
peared and the twenty-fifth day has
been passed. It is declared that the
books cannot be obtained through
the big concern because of poor trans-
portation facilities.

Teachers have arrived from their
vacations and rural and city instruc-
tors are ready to begin their terms.
With but one or two exceptions, it is
understood, there are no vacancies
and the teaching corps all over the
county is unusually complete.

MERCURY MAKES
UNUSUAL DROP

"Winter's here" and "Taint Long 'til
Christmas" were some of the remarks
heard Thursday evening when the
mercury began to descend.

Heavy coats and wraps were
brought out and straw hats disappear-
ed with a grand flourish.

The reason was that the thermometer
was on a toboggan slide and some
time during the "we small hours" the
temperature touched 44, according to
observations by William Arthur, local
United States Weather Observer.

London, September 2.—The condi-
tion of Lord Mayor MacSwiney was
announced late tonight at Brixton
Prison as without change.

Banker's Friends Elated

"Twelve year ago I became afflicted
with stomach trouble which steadily
became worse. I frequently became
prostrated with colic attacks and
bloating. My doctors wanted to operate
for gall stones. I wished to avoid
an operation and on advice of a friend
tried Mayr's Wonderful Remedy with
excellent results as since taking it
about 2 years ago my trouble has en-
tirely disappeared." It removes the
catarrhal mucus from the intestinal
tract, and allays the inflammation
which causes practically all stomach,
liver and intestinal ailments, includ-
ing appendicitis. One dose will con-
vince or money refunded at Black-
mer & Tanquary, Frank Christopher.

MOUNDS YIELDING MANY RICH FINDS TO THE EXPLORERS

The mounds in the Camp Sherman Group, which are being excavated under direction of the State authorities, are yielding many valuable relics of a bygone age which assist in throwing light on the habits of the mound-builders.

Over a dozen regularly cut pieces of mica were found. The mound-builders laid sheets of mica over the earth mound selected as a cremation place, then laying the body of the dead mound-builder on the mica set fire to it, says the Chillicothe News Advertiser.

A number of copper ornaments were found near the scene of this cremation. One of these was a head dress evidently worn by the person cremated who was probably a chief or some personage. A flat figure cut out of a sheet of copper to represent a bird was also found and a copper tube about two feet long was another find. An army officer thought this was a prehistoric candlestick but it is doubtful whether the mound-builders had any other means of illumination other than fire light. Dr. W. C. Mills, Columbus, curator of the Ohio State Archaeological museum, who is directing the work is unable to explain the use of this ornament other than that it might be a part of a staff or a baton or wan carried by some priest, chief of other dignity. The copper tubing may have been placed around wood and the latter rotting away.

A number of fresh water pearls were found near the place. They were charred by the cremation fire. Georgia is the nearest place from which the mound-builders could have secured mica and Michigan is the nearest place to here that copper is found.

The scientists in their exploration of the big mound came upon an old shaft sunk by Ephraim Squier and Dr. Edward Hamilton Davis, early archaeologists, who made a cursory investigation of the mound group in 1846.

Many amateur archaeologists from all over the state are visiting the mounds and watching the progress of the digging.

EXPECT DECLINE IN FOOD PRICES

Washington, September 2—Crop indications for 1920 are so favorable, in spite of increased railroad rates and other factors tending to increase costs, that a decided drop in the price of all staple foods should take place this autumn.

This statement was made today by crop experts at the Department of Agriculture. Wheat, they state, will be but little short of the record crop raised last year, and the corn crop promises to be a record-breaker.

This splendid record, department officials assert, is due in part to an

SHE'S A DAUGHTER OF THE U. S. ARMY

Miss Dorothy Townshend.

Miss Dorothy Townshend, daughter of Col. Orval P. Townshend, U. S. A., and Mrs. Townshend, is one of the popular girls in the young army set at the national capital. She is still a school girl and will not be presented to society for several seasons.

unusually favorable season and abundant rainfall. In view of the prevailing shortage of labor the shoving is stated to be especially gratifying, but warning is given that unless farmers' burdens are lightened and he is given a fair share of profits a heavy slump must be expected in next year's crop.

FOLEY'S CAN'T BE BEAT

Mrs. W. F. Davis, R. F. D. 1, Short Creek, W. Va., writes: "Foley's Honey and Tar for colds can't be beat." She knows because it stopped a bad cold for her husband when all other remedies failed. Contains no opiates. Good for coughs, colds, croup, whooping cough, tickling throat, bronchial coughs. Blackmer & Tanquary, Advt.
